Subject: bioaccumulation modeling report

Hi Kristine. On April 10, 2015, EPA met with the LWG and Windward to discuss the bioaccumulation modeling report. There were two action items for the LWG from that meeting:

1. Calibration of the food web model for dioxin/furan congeners. The LWG provide the workbook to EPA on May 19, 2015.
2. Revision to the Bioaccumulation modeling report. Per the EPA-agreed schedule, the revised report is posted to the server that the following location PHCP Files | Documents Under Review | 2015-06-19 Revised Draft Bioaccumulation Modeling Report.

Please review and let us know if you have any questions or if the report is approved as provided. Thanks, John
